WORK EXPERIENCE

L3Harris – Cincinnati, OH   May 2025 – August 2025
Contracts Intern
- Accelerated cash flow by recovering $300k+ in overdue payments, reducing aged receivables by 13% through cross-functional contract reviews
- Structured firm-wide continuous improvement pipeline by developing system to evaluate and manage employee initiated-proposals, enabling leadership to prioritize high-value projects
- Protected firm's financial position by reviewing 5+ multi-million-dollar contracts and flagging unfavorable terms
- Optimized business operations by building Excel tools and AI templates to automate tasks

United Wholesale Mortgage – Detroit, MI   May 2024 – August 2024
Business Specialist Intern
- Built dashboards surfacing underwriting inefficiencies, equipping executives to implement targeted training and process improvements across underwriting teams to improve output
- Reduced regulatory risk by resolving 15+ aged loans via corrective recommendations to senior leadership
- Led 8 interns through a multi-stage audit, standardizing procedures, ensuring quality control, and presenting findings to senior leadership to redesign client-facing portal
- Improved audit reliability and reporting accuracy by consolidating underwriting data into analysis-ready datasets

Kelley Hope Digital Project – Remote   May 2023 – August 2023
Technology Consulting Intern
- Served as primary liaison between client and international student team, alignment project scope and deliverables
- Designed Tableau dashboards analyzing applicant funnel, guiding data-driven marketing strategy and website design decisions to lift conversion rates
- Led development of Salesforce Einstein chatbot prototype to streamline applicant Q&A, improving responsiveness in the admissions process

ACADEMIC COMPETITIONS
- *EY Case Competition:* Led 4-person team advising global bank on AI strategy; proposed phased roadmap combining vendor partnerships and in-house innovation
- *3+1 Case Competition:* 3-time finalist in 3+1 Case Competition (50+ teams annually); delivered market entry and digital transformation strategies to senior consultants
